'Blue Fountain' Crocheted Jumper with Fans in Drops Big Delight. *By special permission. Copyright DROPS DESIGN A/S. DROPS pattern: no. db-086*

SIZE:

S - M - L - XL - XXL - XXXL

MATERIALS:

- **Drops Big Delight** (100% Wool Aran weight yarn, available in 100g balls): 600-600-700-700-800-900 g colour no 12, 'Jeans Blue / Teal'
- **A 6mm crochet hook** (or size needed to get 12 treble crochets x 7 rows = 10 cm in width and 10 cm vertically. Diagram A.1b measures approx. 5.5 cm in width.)
- **Stitch markers**

INFORMATION FOR PATTERN:**PATTERN:**

See diagrams A.1 to A.4. Choose diagram for your size.

CROCHET TIP (applies to sleeve):

Every row begins with 4 chain stitches and finishes with 1 treble crochet in 4th chain stitch at beginning of previous row.

JUMPER:

Front and back piece is worked back and forth without shaping for armhole. Sleeves are worked back and forth, and are sewn together mid under sleeve.

BACK PIECE:

Work 101-111-121-131-141-151 chain stitches on a 6mm crochet hook with Drops Big Delight. Work according to diagram as follows:

Work A.1a over the first 5 chain stitches, repeat A.1b 9-10-11-12-13-14 times in total in width and work A.1c over the last 6 chain stitches.

When entire diagram A.1 has been worked vertically, repeat the last 2 rows until finished measurements. **REMEMBER THE CROCHET TENSION!**

When piece measures 35-36-37-38-39-40 cm, insert 1 marker in each side that marks the vent.

When piece measures 48-49-50-51-52-53 cm, insert 1 marker in each side that marks the armhole. When piece measures 64-66-68-70-72-74 cm, finish after a row from right side in size S-L-XXL and finish after a row from wrong side in size M-XL-XXXL. Fasten off.

FRONT PIECE:

Work as back piece until piece measures 57-59-61-63-64-66 cm - finish after a row from right side in size S-L-XXL and finish after a row from wrong side in size M-XL-XXXL. Then work shoulder as follows:

SIZE S-L-XXL:

The middle 3-3-3 repetitions of A.1b are no longer worked = neck. Work next row (= from wrong side) as follows:

Work A.1c, A.1b 2-3-4 times in total in width, finish with A.2a = towards neck. (Read PATTERN above.)

Work until 2-2-0 rows of A.2a remain vertically, fasten off.

Work the other shoulder, i.e. work next row (= from wrong side) as follows:

Skip the middle 3-3-3 repetitions of A.1b and work A.2b = towards the neck, A.1b 2-3-4 times in total in width, finish with A.1a.

Work until 2-2-0 rows of A.2b remain vertically, fasten off.

SIZE M-XL-XXXL:

The middle 2-2-2 repetitions of A.1b are no longer worked = neck.

Work next row (= from right side) as follows: Work A.1a as before, A.1b 3-4-5 times in total in width, finish with A.2a = towards neck - read PATTERN above. Work until 2-2-0 rows of A.2a remain vertically, fasten off.

Work the other shoulder, i.e. work next row (= from right side) as follows: Skip the middle 2-2-2 repetitions of A.1b and work A.2b = towards the neck, A.1b 3-4-5 times in total in width, finish with A.1c. Work until 2-2-0 rows of A.2b remain vertically, fasten off.

SLEEVE:

Worked back and forth, top down. Work 61-61-71-71-81-81 chain stitches. Work according to diagram as follows:

Work A.1a over the first 5 chain stitches, repeat A.1b 5-5-6-6-7-7 times in total in width and A.1c over the last 6 chain stitches.

When entire diagram A.1 has been worked, decrease 1 repetition, i.e. work as follows: **Read CROCHET TIP!**

Work A.3a, A.3b 5-5-6-6-7-7 times in total in width and A.3c. When entire diagram A.3 has been worked vertically, continue as follows:

Work A.4a, A.4b 4-4-5-5-6-6 times in total in width and A.4c. Repeat A.4 vertically. When piece measures 25-25-10-25-10-10 cm, finish after 1st row in A.4, decrease 1 repetition, i.e. work as follows:

Work A.3c, A.3b 4-4-5-5-6-6 times in total in width and A.3a. When entire diagram A.3 has been worked vertically, continue as follows:

Work A.4c, A.4b 3-3-4-4-5-5 times in total in width and A.4a. Repeat A.4 vertically. Now the decrease in size S-M-XL is done, and continue as follows until finished measurements - see ALL SIZES below.

SIZE L-XXL-XXXL:

When piece measures 25-25-25 cm, finish after 1st row in A.4, decrease 1 repetition - i.e. work as follows:

Work A.3c, A.3b 4-5-5 times in total in width and A.3a. When entire diagram A.3 has been worked vertically, continue as follows:

Work A.4c, A.4b 3-4-4 times in total in width and A.4a. Repeat A.4 vertically until finished measurements.

ALL SIZES:

When piece measures approx. 44-43-42-40-38-36 cm (shorter measurements in the larger sizes because of wider shoulders), fasten off.

Work another sleeve the same way.

ASSEMBLY:

Place back piece and front piece wrong side against wrong side. Work the shoulder together through both layers as follows:

Work 1 double crochet, * 3 chain stitches, 1 double crochet around next chain space *, repeat from *-* along the entire shoulder, finish with 1 double crochet. Fasten off.

Work the other shoulder together the same way.

Work together in the side through both layers from marker for armhole down to marker for vent as follows:

Work 1 double crochet, * 3 chain stitches, 1 double crochet around next row *, repeat from *-* from armhole to vent, finish with 1 double crochet. Fasten off.

Work the other side the same way. Sew in the sleeves, sew underarm seam edge to edge.

NECK EDGE:

Begin on shoulder and work first round as follows:

Work 1 double crochet, * 3 chain stitches, 1 double crochet around next row/chain space *, repeat from *-* along the entire neck, finish with 3 chain stitches and 1 slip stitch in first double crochet.

Work slip stitches until middle of first chain space, 3 chain stitches, * 1 double crochet around next chain space, 2 chain stitches *, repeat from *-* the entire round, finish with 1 slip stitch in first chain stitch at beginning of round. Fasten off.

DIAGRAMS:

<p>∇ = slip stitch</p> <p>— = chain stitch</p> <p>○ = half treble crochet in stitch</p>	<p>■ = half treble crochet around chain space</p> <p>† = treble crochet in stitch</p> <p>‡ = double treble crochet in stitch</p>	<p>☆ = shows last row from previous diagram. The row has already been worked, begin on next row!</p> <p>← = begin here</p>
